Accessori per trafiliera

MF Catenificio Frigerio propone per il settore delle trafilerie un'ampia gamma di accessori, quali anelli di sollevamento, ganci portacartellini e sigilli. In particolare, gli anelli di sollevamento presentano saldatura laterale che, oltre ad assicurare la massima efficienza e durata nel tempo, accresce le prestazioni qualitative, non rovinando la reggia. Ogni articolo viene espressamente progettato per un uso intensivo. Un impianto di controllo, tecnologicamente all'avanguardia, provvede al collaudo del prodotto finale.

MF Catenificio Frigerio offers for the wire drawing sector a wide range of accessories, for example lifting rings, hooks for tickets-holder and trademarks. Especially the lifting rings have got a lateral welding, which increases the qualitative performance results, not damaging the strap, in addition to guaranteeing maximum efficiency and lifetime. Each product is expressly designed for intensive use. A technologically innovative control system provides for the testing of the final product.

Accessories for wire drawing sector
